EASTER EGG HUNT DOMINOES

- This is a whole class activity that can be done in groups or pairs.
- Students are given a board and Easter Dominoes and have to match the description to the picture and glue it to the board
- They go horizontal across the top and the bottom and vertically along the sides.
- When you (or the students) cut out the dominoes make sure there is a picture AND a description on the domino (dominoes have two sides)
- Make sure the students know how to glue them as sometimes they will stick them all at the top.
- Once they have finished, they can complete the centre part of the board and tell you the words and then draw a picture of their own Easter Egg.
- I will add a started version at the bottom. (the board should be printed on A3 and the dominos on A4.)
- There is a video I did for a similar game here
