

partly cloudy

This weather is a little bit sunny and a little bit cloudy.

lightning

This is electricity, it comes from the sky in a storm. You can often hear thunder.

rainbow

You can see this when it is rainy and sunny, it has 7 colours and is beautiful.

rainy

When water falls from the sky this is what we call it!! It can be heavy or light

snowy

This happens when it is very cold you can make a snowman or have a snowball fight.

sunny

When the weather is hot and we can sit in the sun and eat lovely ice cream

stormy

When the sky has thunder and lightning we call it stormy. It can be very loud!

tornado

This is a very dangerous fast wind that can knock down houses.

windy

This is when the air blows, if its not too strong it can keep you cool on a hot day

cloudy

When the sky is grey and full of clouds and you can not see the sun

WEATHER DOMINOES

- This is a whole class activity that can be done in groups or pairs.
- Students are given a board and weather dominoes and have to match the description to the picture and glue it to the board
- They go horizontal across the top and the bottom and vertically along the sides.
- When you (or the students) cut out the dominoes make sure there is a picture AND a description on the domino (dominoes have two sides)
- Make sure the students know how to glue them as sometimes they will stick them all at the top.
- Once they have finished, they can complete the centre part of the board and tell you the words and then draw a picture and write about their favourite weather.

- I will add a started version at the bottom. (the board should be printed on A3 and the dominos on A4.)
- There is a video I did for a similar game here
