

Picking up Rubbish

Read the story then answer the questions.

My class loves to go to the park. Today we are not playing games there. There is a lot of rubbish on the floor, so our teacher asked us to help tidy the park. We are taking some rubbish bags and will pick up all the rubbish to take away. I wish people would put their rubbish in the bin.

The park is nice when it is clean and tidy!

Can you answer the questions

What does the class love to do?

What is wrong with the park?

What do they do with the rubbish?

What should you do with your own rubbish?

Tiger in the Tree

Read the poem then answer the questions.

If I am walking in the jungle, I think
 you'll agree.
 I should keep my eyes open, for a
 tiger in a tree.
 Hiding there quietly, with stripes,
 teeth and claws.
 The last thing I want is to get
 caught in it's jaws.
 So I better walk quietly, without
 making a sound.
 Then with some luck I can never be
 found.
 When I'm out of the jungle guess
 what I can see.
 That sneaky white tiger, is creeping
 up on me!

Can you answer the questions?

Where are they walking?

What words do they use to describe the tiger?

What are they looking for in the tree?

What do you think the tiger wants?!
