

# Back to School

**Read the story then answer the questions.**

When will we go back to school! I asked my teacher and she does not know. I asked my mum and she does not know. I asked my cat and **it** does not know! I hope we can go in September. I miss my friends and my teachers. It was fun at home for a while, but now it is very boring! I do my schoolwork on my own and have to play games on my own as well. I can see my teacher and friends on the phone sometimes but I want to see them in the classroom!

**Can you answer the questions in full sentences?**

Who do they miss from school?

---

What do they do on their own?

---

What do they use to see their teacher and friends?

---

What is your favourite thing to do at school?

---

# Tidy up!

Read the passage then answer the questions.

There is so much rubbish in the sea. It is very dangerous for plants and animals that live there. We must be more careful with our rubbish. Birds get caught in the plastic and can't fly. We use plastic bags to carry our food from the supermarket. Some of these bags go in the sea. Turtles may eat them because they look like jellyfish. Whales can get plastic caught in their mouths. All because some people don't take care of their rubbish! So we all must to recycle it! Let's make the world a cleaner place!
