

## **5. Nature and Environment – ‘What If’ Questions**

These ‘What If’ questions focus on our natural world, prompting young minds to think about the environment, animals, and plants in imaginative and caring ways.

**They offer a fun avenue to discuss important topics like conservation, ecology, and our planet’s diverse ecosystems.**

1. What if trees could walk; where do you think they would go?
2. What if you could change the color of flowers; what colors would you make them?
3. What if you could control the weather; what would your perfect day look like?
4. What if animals could talk; what would they say about humans?
5. What if you could breathe underwater like a mermaid; what ocean would you explore first?
6. What if you could make plants grow instantly; what would you grow?
7. What if the moon was made of cheese; would you want to visit it?
8. What if you could live in a jungle for a day; what animals would you like to meet?
9. What if you could turn into a bird; what type of bird would you be?
10. What if you found a magic seed; what do you think it would grow into?
11. What if you could stop pollution with a snap of your fingers; what would the world look like?
12. What if you could talk to fish; what would you ask them?
13. What if every time you planted a seed, a new type of plant never seen before grew; what would it look like?
14. What if you could create a new ocean creature; what abilities would it have?
15. What if you had the power to clean oceans; how would marine life change?
16. What if you could change the color of the sky; what color would you choose?

17. What if you could live with dinosaurs for a day; which dinosaur would you befriend?
18. What if you could hibernate like a bear; what would you dream about?
19. What if you could fly like an eagle; what landscapes would you like to see from above?
20. What if you could create a new type of flower; what would it look and smell like?
21. What if you could build a house in a tree; what kind of tree would you choose?
22. What if you had a garden that could grow any type of fruit or vegetable in the world; what would you grow?
23. What if you could make it rain candy; what candy would rain down?
24. What if you could ride on the back of a dolphin; where would you go?
25. What if you could control the movement of clouds; what shapes would you make?
26. What if animals could build houses like humans; what would they look like?
27. What if you could create a new season; what weather and events would it have?
28. What if rivers flowed in the sky instead of on the ground; how would that change our world?
29. What if you could grow to the size of a giant; what would you do to help the planet?
30. What if you could shrink down to the size of an ant; what would you explore?
31. What if you could design a park for animals; what features would it include?
32. What if you had the ability to regenerate forests; how would you use this power?

33. What if you could create a rainbow anytime; what colors would your rainbow have?
34. What if you could have a magical garden; what magical plants would be in it?
35. What if you could give animals superpowers; what powers would you give them?
36. What if you could live on a cloud; what would your cloud home look like?
37. What if you could create an island; what unique features would it have?
38. What if you could choose to be any plant; which one would you be and why?
39. What if you could dance with the wind; what dance moves would you use?
40. What if you could create a new type of weather; what would it be like?
